GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

SPILL: 15-7110, Gas Leak, 2nd and L Streets, Old Town Sacramento

- On 12/04/15 at 1426 hours the California State Warning Center (CSWC) received a report indicating that a gas leak had occurred at 2nd Street and L Street in Old Town Sacramento. 2nd and L Streets in Old Sacramento closed to traffic and people were advised to avoid the area. The Intersection is near the Theodore Judah Monument.
- Several commercial and residential buildings, including the Clarendon House Hotel, were evacuated as a precaution. People were directed to the Front Street area.
- On 12/04/15 at 1632 hours, PG&E called the CSWC to report the incident (SPILL: 15-7110). PG&E advised that that third party digging damaged a 1.5 inch natural gas line causing the release. The release was contained at 1520 hours. Repairs and investigation are in progress. No deaths or injuries reported.

Caltrans Second Annual Mandatory Emergency Response Drill, San Mateo County

- Caltrans will conduct its second annual Mandatory Emergency Response Drill at the State Route 1 (SR-1) Tom Lantos (Devil's Slide) Tunnels. This will take place overnight starting today, 12/04/15 at 2200 hours and will conclude at 0400 Saturday, 12/05/15.
- Lantos Tunnel - Detour Routes:
 - During the tunnel closures, the following detours between Pacifica and Half Moon Bay will be in effect. The California Highway Patrol (CHP) will also help direct motorists:
 - From Pacifica: North on SR-1 to Southbound on Interstate-280 (I-280)
 - From Half Moon Bay: East on State Route 92 onto Northbound I-280
- The emergency management exercise will be a coordinated effort including the CHP, San Mateo County Sheriff's Office, Pacifica Fire and Police Departments, California Office of Emergency Services, CAL FIRE, and other first responders.
- During this exercise, there will be fire simulation, crash simulation, and simulated smoke.

Shelter, Mountain Ranch, Calaveras County

- Due to the incoming storm, a shelter will be open at the Mountain Ranch Community Hall, 8049 Washington St., Mountain Ranch, Calaveras County.
- Hours of operation are:
 - 12/04/15, 1800 hours to 12/05/15, 0700 hours
- This shelter is being sponsored by the Mountain Ranch Community Relief Efforts, a local volunteer agency.

SITUATION SUMMARY

Waterman Incident, San Bernardino City, San Bernardino County

- On 12/02/15 at 1123 hours the California State Warning Center (CSWC) was advised by the Cal OES Southern Region Administrator of an active shooting incident in San Bernardino City.
- Incident was located at the Inland Regional Center – State of California Department of Developmental Services, 1365 South Waterman in San Bernardino City.

Activations

- The San Bernardino County EOC deactivated as of 1730 hours on 12/04/15.
- The Southern Duty Officer will continue to monitor any activities related to the incident.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- A few light showers are possible this morning across Northern California, but drier weather will begin to settle in this afternoon.
- High pressure and Santa Ana winds will develop tonight and Saturday for a quick warm-up over portions of Southern California. As a result, high temperatures will rise 5 - 10 degrees above average over much of the region, most notably for inland areas. Santa Anas diminish Sunday, but high pressure will continue unseasonably warm weather through the middle of next week.

Active Weather Warnings, Watches and Advisories by County:

WEATHER

WEATHER SYNOPSIS BY REGION:

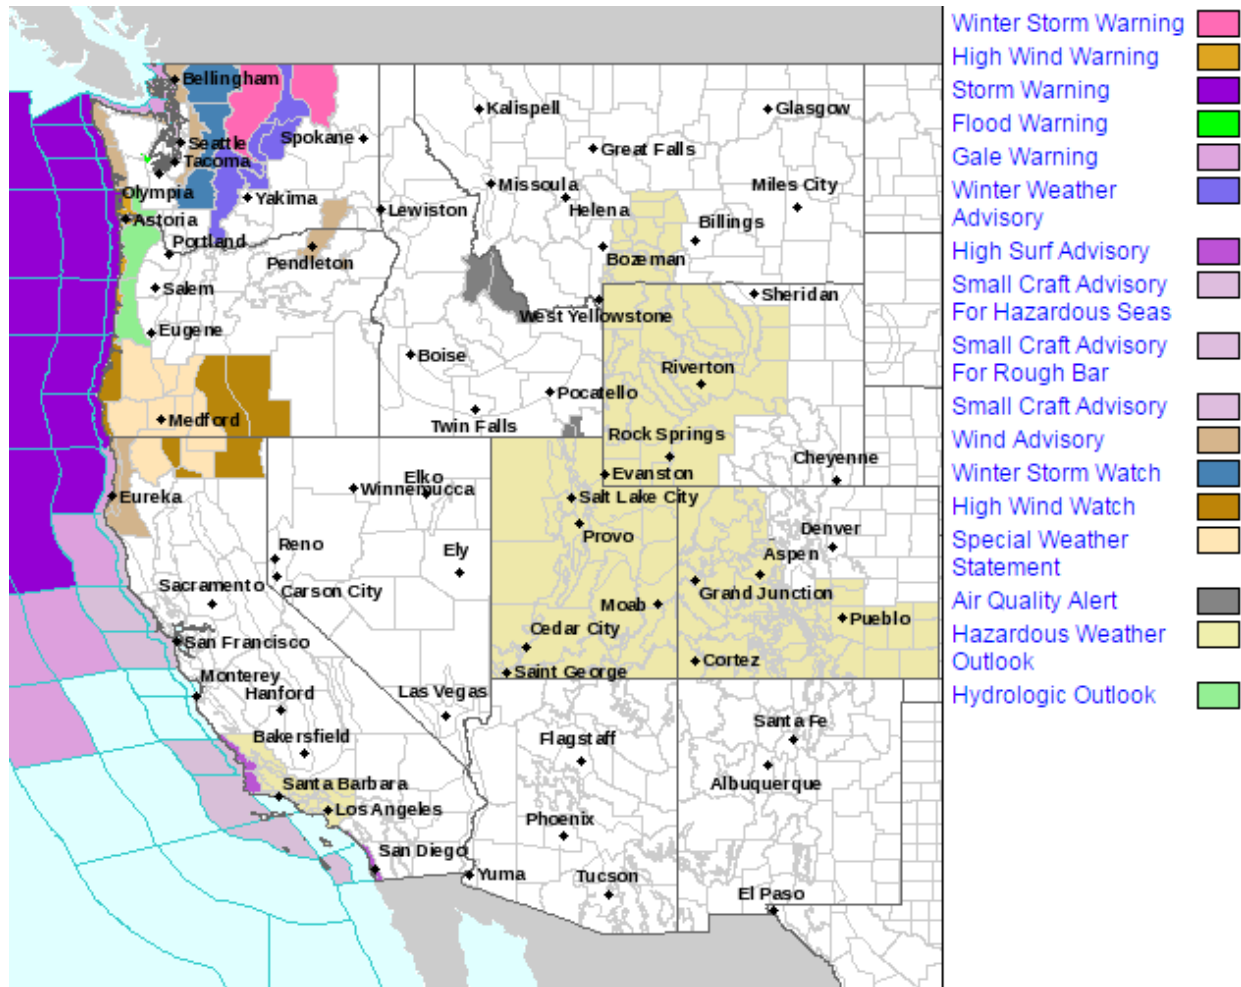

NORTHERN CALIFORNIA

The upper trough that brought widespread wetting precipitation to Northern California over the past 36 hours was expected to edge gradually eastward out of the area today. RAWS average precipitation amounts varied from .50-1.00 inches, but ran upwards to 1.75 inches in the Northwest Mountains and 3.00 inches on the North Coast. Scattered to occasional lingering light showers continued around Northern California Friday morning, but these were forecast to diminish quite a bit by afternoon, and become more confined to the northern third of the area. Saturday daytime looks likely to be precipitation free for Northern California, though mid-higher clouds from the next Pacific storm will be increasing from the west. We're now back in a fairly progressive changeable weather pattern, and the next weather system moves in Saturday night, and out to the east late Sunday. It will also have widespread precipitation, but it is not as strong as the Thursday storm. It will likely be neither as wet or cool, nor produce as much coverage and duration of moderate-plus South to SW pre-frontal winds. Currently, the next few Pacific weather systems are timed as follows for Northern California: a back to back pair of weak systems that brush just the northern counties late Sunday night into Tuesday, a moderate possibly area-wide system Wednesday, and then a deeper wetter storm centered on next Thursday afternoon.

SOUTHERN CALIFORNIA

Temperatures will cool to near normal and minimum humidity will increase to above 30% away from the deserts today. A ridge of high pressure will form over California causing temperatures to become well above normal Saturday through the middle of next week. Minimum humidity will be mainly in the single digits across Southern California and between 15% and 30% across Central California Saturday through the middle of next week. Northeast to east winds of 15 to 25 mph with gusts to 40 mph will surface across the mountains and below the canyons and passes of Southern California Friday night through Saturday afternoon. Winds will decrease Saturday evening and light offshore flow will occur through early next week before becoming light onshore by Wednesday.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

CAL OES MISSIONS

New Cal OES Missions

- **2015-LAW-20263, 12/3/2015, 2319 hours,** Butte County Sheriff's Office (BCSO) is requesting (15) Snow track vehicles and personnel along with (2) SAR Trailing K9 to assist in searching for a 65 year old male last seen the evening of 12/2/2015. On 12/3/2015, the MP's truck was located above the township of Inskip and the subsequent search area received 8-10 inches of snow. The requested resources are to meet at the ICP located in Inskip for a 0900 briefing, 12/4/2015. Cal OES Law Enforcement Branch coordinated the request. Update: 12/4/2015, 0131 hours, Shasta and Placer County Sheriff's advised they would fill the request. **Mission On going.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
